About This eBook

Preparing for NEET Biology requires more than just reading NCERT - it demands a deep understanding of exam trends, repeated concepts, and question patterns. This eBook, NEET Biology Previous Year Important Questions With Solutions, is carefully designed to help aspirants focus on what truly matters.

It brings together a curated collection of important questions from previous years of NEET (UG), especially those concepts that are frequently asked or hold high weightage. Each question is presented in a structured format with accurate answers and concise, exam-oriented explanations to strengthen conceptual clarity.

The content strictly aligns with the NCERT syllabus, ensuring that students do not waste time on irrelevant topics. Whether it is Botany or Zoology, this eBook covers key areas that can significantly impact your score.

Careers360

Designed for quick revision and effective practice, this resource serves as a powerful tool for last-mile preparation as well as concept reinforcement throughout your NEET journey.

How Will This eBook Benefit You?

This eBook is not just a question bank - it is a strategic preparation tool that helps you maximise your NEET Biology score with smart effort.

Focus on High-Yield Topics

You get access to questions that are repeatedly asked in NEET, helping you prioritize important concepts over less relevant ones.

Strengthens Conceptual Clarity

Each question is accompanied by a short and precise explanation, making it easier to understand the logic behind correct answers.

Improves Question-Solving Skills

Regular practice with actual NEET-level questions enhances your speed, accuracy, and confidence in the exam.

Helps in Smart Revision

Instead of revising the entire syllabus repeatedly, you can use this eBook to quickly revise important topics through questions.

Aligns with NCERT-Based Preparation

All questions and solutions are based on NCERT concepts, which is the most reliable source for NEET Biology.

Ideal for Last-Month Preparation

Careers360

This eBook is especially useful during the final phase of preparation when time is limited, and revision needs to be highly targeted.

Builds Exam Confidence

By practising real exam-level questions, you become familiar with the pattern and difficulty level, reducing exam anxiety.

NEET Biology Important Questions

Ques 1: Which of the following is the correct unit of productivity in an ecosystem?

A. (KCal m^{-2}) yr^{-1}

B. gm^{-2}

C. KCal m^{-2}

D. KCal m^{-3}

Correct Answer: A

Explanation:

Productivity is measured as the rate of energy production per unit area per unit time, hence expressed as KCal m^{-2} yr^{-1}.

Ques 2: The first occurrence of menstruation in females is known as:

A. Ovulation

B. Menopause

C. Menarche

D. Diapause

Careers360

Correct Answer: C

Explanation:

Menarche marks the beginning of the menstrual cycle in females, indicating reproductive maturity.

Ques 3: Genes R and Y assort independently. If RRYY produces round yellow seeds and rryy produces wrinkled green seeds, what is the phenotypic ratio in the F_2 generation?

A. 9:7

B. 1:2:1

C. 3:1

D. 9:3:3:1

Correct Answer: D

Explanation:

This is a classic dihybrid cross showing independent assortment, resulting in a 9:3:3:1 phenotypic ratio.

Ques 4: What is the main function of spindle fibres during mitosis?

A. Regulate cell growth

B. Separate chromosomes

C. Synthesise DNA

D. Repair DNA

Correct Answer: B

Careers360

Explanation:

Spindle fibres attach to centromeres and pull sister chromatids apart during cell division.

Ques 5: How many meiotic and mitotic divisions are required to form a mature female gametophyte from a megaspore mother cell in angiosperms?

A. No meiosis and 2 mitosis

B. 2 meiosis and 3 mitosis

C. 1 meiosis and 2 mitosis

D. 1 meiosis and 3 mitosis

Correct Answer: D

Explanation:

One meiosis produces four megaspores, followed by three mitotic divisions to form the embryo sac.

Ques 6: Which of the following statements about antibody structure is NOT correct?

A. Constant regions are at C-terminal

B. Two heavy and two light chains are present

C. Chains are linked by disulfide bonds

D. Antigen binding site is at C-terminal

Correct Answer: D

Explanation:

The antigen-binding site is located at the variable (N-terminal) region, not the C-terminal.

Careers360

Ques 7: Assertion (A): Tapetum cells have dense cytoplasm and are often multinucleate.

Reason (R): Multiple nuclei increase efficiency in nourishing developing pollen.

A. A false, R true

B. Both true, R explains A

C. Both true, R doesn't explain A

D. A true, R false

Correct Answer: D

Explanation:

Tapetum cells are multinucleate (true), but the reason is not the correct explanation given in the NCERT.

Ques 8: In bryophytes, gemmae are involved in:

A. Gaseous exchange

B. Sexual reproduction

C. Asexual reproduction

D. Nutrient absorption

Correct Answer: C

Explanation:

Gemmae are vegetative propagules that help in asexual reproduction.

Careers360

Ques 9: Who proposed that the genetic code consists of triplet nucleotides?

A. Franklin Stahl

B. George Gamow

C. Francis Crick

D. Jacques Monod

Correct Answer: B

Explanation:

George Gamow suggested that codons are made of three nucleotides.

Ques 10: Sweet potato (root) and potato (stem) represent which type of evolution?

A. Analogy, divergent

B. Analogy, convergent

C. Homology, divergent

D. Homology, convergent

Correct Answer: B

Explanation:

They perform similar functions but have different origins, showing convergent evolution (analogy).

Ques 11: Histone proteins are rich in:

A. Phenylalanine and Arginine

B. Lysine and Arginine

Careers360

C. Leucine and Lysine

D. Phenylalanine and Leucine

Correct Answer: B

Explanation:

Histones are basic proteins rich in lysine and arginine, aiding DNA binding.

Ques 12: Which equation represents logistic population growth?

A. dN/dt = N(r–K/K)

B. dN/dt = r(K–N/K)

C. dN/dt = rN(K–N/K)

D. dN/dt = rN(N–K/N)

Correct Answer: C

Explanation:

The logistic growth equation is dN/dt = rN(K–N/K), representing growth with carrying capacity.

Ques 13: Which statement about RuBisCO is correct?

A. Catalyzes carboxylation of RuBP

B. Active only in the dark

C. Higher affinity for oxygen

D. Involved in photolysis

Correct Answer: A

Explanation:

Careers360

RuBisCO catalyzes CO_2 fixation in the Calvin cycle.

Ques 14: The protein part of an enzyme is called:

A. Prosthetic group

B. Cofactor

C. Coenzyme

D. Apoenzyme

Correct Answer: D

Explanation:

Apoenzyme is the protein portion; cofactor is the non-protein component.

Ques 15: Which factor is responsible for termination of transcription?

A. Gamma (γ)

B. Alpha (α)

C. Sigma (σ)

D. Rho (ρ)

Correct Answer: D

Explanation:

Rho factor helps terminate transcription in prokaryotes.

Ques 16: Which hormone is released by the pituitary but synthesised in the hypothalamus?

A. ACTH

B. LH

Careers360

C. ADH

D. FSH

Correct Answer: C

Explanation:

ADH is synthesised in the hypothalamus and stored/released by the posterior pituitary.

Ques 17: Why is insulin not given orally?

A. Increases bioavailability

B. Causes immune response

C. Digested in GI tract

D. Structural variation

Correct Answer: C

Explanation:

Being a protein, insulin gets digested in the digestive tract if taken orally.

Ques 18: RNA interference (RNAi) works due to:

A. Non-complementary ssRNA

B. Complementary dsRNA

C. Inhibitory ssRNA

D. Complementary tRNA

Correct Answer: B

Explanation:

Double-stranded RNA triggers degradation of specific mRNA.

Careers360

Ques 19: Which enzyme contains haem as a prosthetic group?

A. Catalase

B. RuBisCO

C. Carbonic anhydrase

D. Succinate dehydrogenase

Correct Answer: A

Explanation:

Catalase contains haem and helps in breakdown of hydrogen peroxide.

Ques 20: Which organism was used by Eli Lilly to produce human insulin?

A. Phage

B. Bacterium

C. Yeast

D. Virus

Correct Answer: B

Explanation:

Genetically engineered bacteria (like E. coli) were used to produce human insulin.

Ques 16. Inhibition of succinic dehydrogenase enzyme by malonate is a classical example of:

Options:

(1) Competitive inhibition

Careers360

(2) Enzyme activation

(3) Cofactor inhibition

(4) Feedback inhibition

Correct Answer: (1) Competitive inhibition

Explanation:

Malonate structurally resembles succinate and competes for the active site of succinic dehydrogenase, blocking substrate binding.

Ques 17. Bulliform cells are responsible for:

Options:

(1) Increased photosynthesis in monocots

(2) Providing storage space for sugars

(3) Inward curling of leaves in monocots

(4) Protection from salt stress

Correct Answer: (3) Inward curling of leaves in monocots

Explanation:

Bulliform cells lose water during stress, causing leaf rolling to reduce transpiration.

Ques 18. Formation of interfascicular cambium from fully developed parenchyma cells is an example of:

Options:

(1) Dedifferentiation

(2) Maturation

Careers360

(3) Differentiation

(4) Redifferentiation

Correct Answer: (1) Dedifferentiation

Explanation:

Mature parenchyma cells regain the ability to divide, forming cambium.

Ques 19: How many molecules of ATP and NADPH are required for fixation of one molecule of CO_2 in the Calvin cycle?

Options:

(1) 3 ATP and 3 NADPH

(2) 3 ATP and 2 NADPH

(3) 2 ATP and 3 NADPH

(4) 2 ATP and 2 NADPH

Correct Answer: (2) 3 ATP and 2 NADPH

Explanation:

For the fixation of one CO_2 molecule, the Calvin cycle consumes 3 ATP and 2 NADPH.

Ques 20. The capacity to generate a whole plant from any cell of the plant is called:

Options:

(1) Differentiation

(2) Somatic hybridisation

(3) Totipotency

Careers360

(4) Micropropagation

Correct Answer: (3) Totipotency

Explanation:

Totipotency is the ability of a single cell to develop into a complete plant.

Ques 21. Spindle fibres attach to the kinetochores of chromosomes during:

Options:

(1) Anaphase

(2) Telophase

(3) Prophase

(4) Metaphase

Correct Answer: (4) Metaphase

Explanation:

Spindle fibres fully attach to kinetochores and align chromosomes at the equatorial plate during metaphase.

Ques 22. Lecithin, a small molecular weight organic compound found in living tissues, is an example of:

Options:

(1) Glycerides

(2) Carbohydrates

(3) Amino acids

(4) Phospholipids

Careers360

Correct Answer: (4) Phospholipids

Explanation:

Lecithin contains phosphate groups and is a major component of cell membranes.

Ques 23. A transcription unit in DNA is defined primarily by three regions. These are:

Options:

(1) Inducer, Repressor, Structural gene

(2) Promoter, Structural gene, Terminator

(3) Repressor, Operator gene, Structural gene

(4) Structural gene, Transposons, Operator gene

Correct Answer: (2) Promoter, Structural gene, Terminator

Explanation:

These three regions control initiation, coding, and termination of transcription.

Ques 24. Statement I: Bt toxins are insect group-specific and coded by cry genes.

Statement II: Bt toxin becomes active due to the acidic pH of the insect gut.

Options:

(1) I true, II false

(2) I false, II true

(3) Both true

(4) Both false

Correct Answer: (1) I true, II false

Careers360

Explanation:

Bt toxin is activated in alkaline pH, not acidic pH.

Ques 25. Spraying the sugarcane crop with which plant growth regulator increases stem length?

Options:

(1) Cytokinin

(2) Abscisic acid

(3) Auxin

(4) Gibberellin

Correct Answer: (4) Gibberellin

Explanation:

Gibberellins promote stem elongation and increase crop yield.

Ques 26. Which of the following is NOT a steroid hormone?

Options:

(1) Progesterone

(2) Glucagon

(3) Cortisol

(4) Testosterone

Correct Answer: (2) Glucagon

Explanation:

Glucagon is a peptide hormone, whereas others are steroid hormones.

Careers360

Ques 27. The flippers of penguins and dolphins are an example of:

Options:

(1) Convergent evolution

(2) Divergent evolution

(3) Adaptive radiation

(4) Natural selection

Correct Answer: (1) Convergent evolution

Explanation:

Different organisms develop similar structures due to similar environmental pressures.

Ques 28. Which one of the following factors will NOT affect Hardy-Weinberg equilibrium?

Options:

(1) Gene migration

(2) Constant gene pool

(3) Genetic recombination

(4) Genetic drift

Correct Answer: (2) Constant gene pool

Explanation:

Hardy-Weinberg equilibrium assumes a constant gene pool; it does not disturb the equilibrium.

Careers360

Ques 29. Which factors favour the formation of oxyhaemoglobin in alveoli?

Options:

(1) Low pCO_2 and High H^+ concentration

(2) Low pCO_2 and High temperature

(3) High pO_2 and High pCO_2

(4) High pO_2 and Lesser H^+ concentration

Correct Answer: (4) High pO_2 and Lesser H^+ concentration

Explanation:

Oxyhaemoglobin formation is favoured by high oxygen, low CO_2, and low acidity.

Ques 30. The "Ti plasmid" of Agrobacterium tumefaciens stands for:

Options:

(1) Tumour-inducing plasmid

(2) Temperature-independent plasmid

(3) Tumour-inhibiting plasmid

(4) Tumour-independent plasmid

Correct Answer: (1) Tumour-inducing plasmid

Explanation:

Ti plasmid causes crown gall tumours and is widely used in genetic engineering.

Careers360

Ques 31. The first stage of the gametophyte in the life cycle of moss is the protonema stage.

Reason (R): Protonema develops directly from spores produced in a capsule.

Options:

(1) Both A and R are correct and R is the correct explanation of A

(2) Both A and R are correct but R is NOT the correct explanation of A

(3) A is correct but R is not correct

(4) A is not correct but R is correct

Correct Answer: (1)

Explanation:

In mosses, spores germinate to form protonema, which is the first stage of gametophyte.

Ques 32. In angiosperms, the haploid, diploid and triploid structures of a fertilised embryo sac sequentially are:

Options:

(1) Synergids, Primary endosperm nucleus and zygote

(2) Antipodals, synergids, and primary endosperm nucleus

(3) Synergids, Zygote and Primary endosperm nucleus

(4) Synergids, antipodals and Polar nuclei

Correct Answer: (3)

Explanation:

Synergids are haploid (n), zygote is diploid (2n), and primary endosperm nucleus is triploid (3n).

Careers360

Ques 33. Which hormone promotes internode/petiole elongation in deep water rice?

Options:

(1) GA_3

(2) Kinetin

(3) Ethylene

(4) 2,4-D

Correct Answer: (3) Ethylene

Explanation:

Ethylene promotes rapid internode elongation in deep water rice under submerged conditions.

Ques 34. Among 'The Evil Quartet', which is the most important cause of species extinction?

Options:

(1) Habitat loss and fragmentation

(2) Over exploitation

(3) Alien species invasion

(4) Co-extinctions

Correct Answer: (1)

Explanation:

Habitat loss is the primary driver of biodiversity loss globally.

Careers360

Ques 35. Which micronutrient is required for the splitting of water during photosynthesis?

Options:

(1) Manganese

(2) Molybdenum

(3) Magnesium

(4) Copper

Correct Answer: (1)

Explanation:

Manganese is part of the oxygen-evolving complex involved in photolysis of water.

Ques 36. Axile placentation is observed in:

Options:

(1) Mustard, Cucumber and Primrose

(2) China rose, Beans and Lupin

(3) Tomato, Dianthus and Pea

(4) China rose, Petunia and Lemon

Correct Answer: (4)

Explanation:

Axile placentation is found in plants like China rose, Petunia, and Lemon.

Careers360

Ques 37. The reaction centre in PS II has an absorption maxima at:

Options:

(1) 680 nm

(2) 700 nm

(3) 660 nm

(4) 780 nm

Correct Answer: (1)

Explanation:

PS II reaction center is P680, absorbing light at 680 nm.

Ques 38. In eukaryotes, DNA replication occurs in:

Options:

(1) M phase

(2) S phase

(3) G_1 phase

(4) G_2 phase

Correct Answer: (2)

Explanation:

DNA replication occurs during the synthesis (S) phase of the cell cycle.

Ques 39. Spraying which hormone on juvenile conifers hastens maturity and seed production?

Careers360

Options:

(1) Indole-3-butyric acid

(2) Gibberellic acid

(3) Zeatin

(4) Abscisic acid

Correct Answer: (2)

Explanation:

Gibberellins induce early flowering and seed production in conifers.

Ques 40. Identify heterosporous pteridophytes:

Options:

(1) Lycopodium and Selaginella

(2) Selaginella and Salvinia

(3) Psilotum and Salvinia

(4) Equisetum and Salvinia

Correct Answer: (2)

Explanation:

Selaginella and Salvinia produce two types of spores (micro and mega).

Ques 41. ATP and $NADPH_2$ required to synthesize one glucose molecule in the Calvin cycle are:

Options:

(1) 12 ATP and 12 $NADPH_2$

Careers360

(2) 18 ATP and 12 $NADPH_2$

(3) 12 ATP and 16 $NADPH_2$

(4) 18 ATP and 16 $NADPH_2$

Correct Answer: (2)

Explanation:

6 CO_2 fixation requires 18 ATP and 12 $NADPH_2$ to form one glucose molecule.

Ques 42. Role of RNA polymerase III in eukaryotes:

Options:

(1) rRNA synthesis (28S, 18S, 5.8S)

(2) tRNA, 5S rRNA and snRNA synthesis

(3) mRNA precursor synthesis

(4) Only snRNA synthesis

Correct Answer: (2)

Explanation:

RNA polymerase III transcribes tRNA, 5S rRNA, and some snRNAs.

Ques 43. The first use of recombination frequency for gene mapping was by:

Options:

(1) Thomas Hunt Morgan

(2) Sutton and Boveri

(3) Alfred Sturtevant

(4) Henking

Careers360

Correct Answer: (3)

Explanation:

Sturtevant created the first genetic map using recombination frequencies.

Ques 44. Components required for chemiosmosis:

Options:

(1) Membrane, proton pump, proton gradient, ATP synthase

(2) Membrane, proton pump, proton gradient, NADP synthase

(3) Proton pump, electron gradient, ATP synthase

(4) Proton pump, electron gradient, NADP synthase

Correct Answer: (1)

Explanation:

Chemiosmosis requires a membrane, a proton gradient, proton pump, and ATP synthase.

Ques 45. Recombination nodules appear during which stage of meiosis I?

Options:

(1) Zygotene

(2) Pachytene

(3) Diplotene

(4) Diakinesis

Careers360

Correct Answer: (2)

Explanation:

Crossing over and recombination nodules occur during pachytene.

Ques 46. HIV replicates in which blood cells?

Options:

(1) TH cells

(2) B-lymphocytes

(3) Basophils

(4) Eosinophils

Correct Answer: (1)

Explanation:

HIV infects helper T cells ($CD4^+$), leading to immune deficiency.

Ques 47. Broad palm with single palmar crease is seen in:

Options:

(1) Down's syndrome

(2) Turner's syndrome

(3) Klinefelter's syndrome

(4) Thalassemia

Correct Answer: (1)

Explanation:

A single palmar crease is a characteristic feature of Down's syndrome.

Careers360

Ques 48. Vital capacity of lungs is:

Options:

(1) IRV + ERV

(2) IRV + ERV + TV + RV

(3) IRV + ERV + TV – RV

(4) IRV + ERV + TV

Correct Answer: (4)

Explanation:

Vital capacity = Inspiratory reserve volume + Expiratory reserve volume + Tidal volume.

Ques 49. Which is not a cloning vector?

Options:

(1) BAC

(2) YAC

(3) pBR322

(4) Probe

Correct Answer: (4)

Explanation:

A probe is used for detection, not cloning.

Ques 50.

Careers360

Statement I: Prokaryotic DNA is positively charged and associated with negatively charged proteins.

Statement II: Eukaryotic DNA wraps around positively charged histones.

Options:

(1) Both true

(2) Both false

(3) I true, II false

(4) I false, II true

Correct Answer: (4)

Explanation:

DNA is negatively charged in both cases; Statement I is incorrect, Statement II is correct.

Other Useful Resources

Some useful resources for the preparation of NEET are listed below:

Top 100 NEET Biology Questions to Score 330+ Marks (PYQ-Based + Concept-Focused PDF)

Preparing for NEET 2026 and aiming to score 330+ marks in Biology? This Top 100 NEET Biology Questions PDF is designed to help you master the most important and high-scoring topics with precision.

It includes carefully selected questions from key chapters like Human Physiology, Genetics & Evolution, Ecology, Biotechnology, and Plant Physiology, based on previous year trends and exam patterns. Each question is supported with clear explanations to strengthen conceptual understanding and improve retention.

Careers360

Practising these high-yield questions will help you identify important topics, improve accuracy, and boost confidence, making it easier to maximise your score in the NEET Biology section.

Download now and target 330+ marks in NEET Biology!

Top 20 Multi-Concept Questions for NEET Physics 2026 with Detailed Solutions (PDF)

Preparing for NEET 2026 and finding multi-concept Physics questions challenging? This Top 20 Multi-Concept Questions PDF is designed to help you tackle complex problems with ease.

It includes carefully selected questions from important topics like Mechanics, Electricity, and Modern Physics, along with detailed step-by-step solutions to improve conceptual clarity and accuracy.

Practising these questions will enhance your problem-solving skills, speed, and confidence, helping you perform better in the NEET Physics section.

Download it now and boost your NEET 2026 preparation!

Top 75 Most Repeated NEET Chemistry Questions for 2026 (PYQ-Based) – Free PDF

Preparing for NEET 2026 and want to focus on the most important Chemistry questions? This Top 75 Most Repeated NEET Chemistry Questions (PYQ-Based) PDF is designed to help you revise high-weightage topics quickly and effectively.

Careers360

It includes carefully selected questions from Physical, Organic, and Inorganic Chemistry, based on previous year trends, along with detailed solutions for better understanding and accuracy.

Practising these repeated questions will help you identify important concepts, improve speed, and boost confidence for the NEET Chemistry section.

Download it now and strengthen your Chemistry preparation for NEET 2026!

NEET vs NCERT Syllabus 2026: Common Chapters, Deleted Topics & Study Map (Free PDF)

Confused about what to study from NCERT for NEET 2026? This NEET vs NCERT Syllabus 2026 PDF helps you clearly understand the common chapters, deleted topics, and important areas to focus on.

It provides a structured comparison along with a smart study map to help you prioritise the right topics and avoid unnecessary content.

Using this resource will improve your revision efficiency, topic selection, and overall preparation strategy for NEET 2026.

Download it now and study smarter with a clear roadmap!

Top 50 Must-Practice NEET Physics Numericals with Solutions – Free PDF to Target 120+ Marks

Struggling with Physics numericals for NEET 2026? This Top 50 Must-Practice NEET Physics Numericals PDF is designed to help you master calculation-based questions and improve accuracy.

Careers360

It includes carefully selected numericals from high-weightage chapters, along with step-by-step solutions to strengthen concepts and problem-solving skills.

Practising these questions will boost your speed, accuracy, and confidence, helping you target 120+ marks in NEET Physics.

Download it now and level up your Physics preparation!

Biology Mind Maps For NEET 2026 - Ebook Download

Take your NEET Biology preparation to the next level with our Biology Mind Maps Ebook for NEET 2026. Designed to simplify complex concepts, this mind map collection covers all key topics—Botany and Zoology. Visualize and retain information on topics like Human Physiology, Genetics & Evolution, and Ecology, ensuring you're well-prepared to ace the exam. Refine your knowledge, improve recall, and build confidence with this comprehensive mind map guide.

Download Now and Sharpen Your Biology Concepts Now!

NEET 2026 Human Physiology PYQs - Ebook Download

Take your NEET Biology preparation to the next level with our Human Physiology PYQs Ebook for NEET 2026. Designed to strengthen your conceptual understanding, this PYQs collection covers all key topics—Digestive System, Circulatory System, Nervous System, and more. Practice and analyse previous years' questions on topics like Respiration, Excretion, Endocrine System, and Muscular System, ensuring you're well-prepared to ace the exam. Refine your knowledge, improve accuracy, and build confidence with this comprehensive PYQs guide.

Download Now and Sharpen Your Biology Concepts Now!

Careers360

NEET Mock Test Chemistry 2026 - Ebook Download

Take your NEET Chemistry preparation to the next level with our Chemistry Mock Test Ebook for 2026. Designed to reflect the real exam pattern, this mock test includes questions from all key sections—Physical, Organic, and Inorganic Chemistry. Tackle questions on topics like Chemical Bonding, Coordination Compounds, and Organic Reactions, ensuring you're well-prepared to ace the exam. Refine your knowledge, improve accuracy, and build confidence with this comprehensive mock test.

Download Now and Sharpen Your Chemistry Concepts Now!

Most Scoring Concepts for NEET (As Per Latest NTA Syllabus) - Ebook Download

Get ahead in your NEET preparation with our Most Scoring Concepts for NEET ebook, designed based on the latest NTA syllabus. This comprehensive guide highlights high-weightage topics in biology, physics, and Chemistry that can significantly boost your score. With clear explanations, expert tips, and strategies to focus on key chapters, this ebook is a must-have for every NEET aspirant. Start mastering the concepts that matter the most and maximise your chances of success!

Download Now and Ace Your NEET Preparation!

NEET Previous 10 Years Questions with Detailed Solutions (2015 - 2025) - Ebook Download

Unlock the treasure trove of the past 10 years' NEET exam questions (2015-2025) with this meticulously crafted ebook. It includes detailed solutions to every question, helping you understand the correct approach and reasoning behind each answer. Covering all subjects—Biology, Physics, and Chemistry—this ebook is perfect for identifying trends,

Careers360

practising real exam questions, and sharpening your problem-solving skills. Get a head start in your preparation by learning from the past to conquer the future.

Download Now and Master Previous Years' Papers!

Botany Mock Test for NEET 2026 - Ebook Download

Boost your NEET 2026 preparation with our Botany Mock Test Ebook, designed to help you master the plant biology section. This ebook includes a full-length mock test covering crucial topics like Plant Physiology, Plant Reproduction, Cell Biology, and Genetics. The questions are aligned with the latest NEET exam pattern, allowing you to practice under real exam conditions and improve both speed and accuracy.

Whether you need to reinforce key concepts or fine-tune your problem-solving skills, this mock test provides the perfect practice tool to assess your preparation and identify areas for improvement. Strengthen your foundation in Botany and get ready to score higher in the NEET exam.

Download the Ebook and Enhance Your Botany Preparation!

Botany for NEET Exam – High-Scoring Concepts

Want to score higher in NEET Biology? Botany often carries significant weight in the NEET exam, and mastering key chapters can make a big difference. This ebook compiles high-scoring concepts, important chapters, and practice mock tests to sharpen your understanding. By focusing on exam-relevant content, you'll save time, boost accuracy, and strengthen your preparation.

Careers360

NEET 2025 Question Paper with Answer Key (All Sets)

Appearing for NEET 2025? Practicing with the official question paper and answer key is one of the most effective ways to analyze your performance. This ebook provides the complete NEET 2025 paper with accurate answer keys, helping you evaluate your strengths and identify weak areas.

👉 Download now **and practice with NEET 2025 Question Paper + Answer Key!**

NEET 2025 Question Paper – Code 47 with Answer Key

Attempting NEET 2025 Code 47? This resource provides the complete Code 47 question paper along with detailed answer keys. Solving it will help you understand the exam difficulty level, improve accuracy, and build exam-day confidence.

👉 Download here **and practice NEET 2025 Code 47 with solutions!**

NEET 2025 Question Paper – Code 48 with Answer Key & Solutions

Want to analyze NEET 2025 Code 48 in detail? This ebook provides the Code 48 paper with correct answer keys and explanations. It's a great resource to practice, revise important concepts, and improve speed.

👉 Download now **and solve NEET 2025 Code 48 with solutions!**

NEET 2025 Question Papers with Detailed Solutions (Code 45, 46, 47 & 48)

Looking for complete solutions to NEET 2025? This ebook provides step-by-step explanations for all four sets—Codes 45, 46, 47, and 48. With detailed solutions, you'll understand the logic behind each answer, strengthen concepts, and improve accuracy.

👉 Download here **and prepare smarter with NEET 2025 detailed solutions!**

Careers360

NEET 2025 Subject-wise Analysis

Curious about which subjects and topics carried the most weight in NEET 2025? This ebook provides a subject-wise breakdown of the exam, highlighting important chapters from Physics, Chemistry, and Biology. It's the perfect tool to guide future preparation and revision.

👉 **Download now and explore NEET 2025 subject-wise analysis!**

NEET 2025 Question Papers with Answer Keys (All Sets)

Preparing for NEET? Accessing all sets of NEET 2025 question papers with solutions will give you a 360° view of the exam pattern. This resource includes question papers for multiple sets along with accurate answer keys.
